SEPTEMBER

2023

Mr. P. Eskalin Gonsalves

Principal

Dear Readers,

Warm Greetings from St. Joseph International School, Aralvaimozhi!

My dear students, the last six months have been very fruitful and learning oriented. Your enthusiastic participation in each and every activity – academic, co-curricular, extra-curricular, inter-house, and inter-school activities - of the school is heartwarming.

The students of Classes X & XII have been supporting and cooperating with their teachers in the pursuit of the best results in the board examinations to be held in February/March 2024. They have been constantly learning and preparing in the right direction to achieve the best results.

My dear students, when you win, you pave the way for a more beautiful victory. Every triumph leads to the next. Never give up. Always believe the strong subsist but the resolute triumph. The greatest achievers always stay rooted to their goals and unswerving in their achievements. It is impossible to win the race unless you endeavour to run and always dare to face the inexplicable because if you don't dare you will never triumph. It is your passion, commitment and resolve that will amplify your feat. Always believe that purpose, talent and effort drive you towards ultimate success. The path that leads to victory is not linear. It is fraught with hitches. Magic happens outside your comfort zone. The more we learn from failures and push ourselves outside our comfort zone, the more fortified we are to turn opportunities into great attainments.

Make mistakes, but never, ever capitulate to your weakness instead evolve with profound confidence and taste success in every walk of life. Let the subtle vibrations of success reverberate and encourage you to absorb challenges and rise to every occasion and defeat all odds. Success is not granted overnight but it entails prolonged perseverance but once accomplished, echoes throughout life. Remember, failure is a temporary delay and your dedication and determination that concretize success.

Push your limits. Believe in yourself. Aspire for the best in life and let success resonate.

My Best Wishes

P. Eskalin Gonsalves

Principal
